## ONSET NEWSLETTER

**COMING UP:**  
WINTER BREAK

### Hi Dance Fam!

We hope everyone is loving our brand-new space! It's been amazing to see our dancers settling in and bringing so much energy to the studios each week. We're continuing to add the finishing touches – next on the list are mirrors, lobby & washroom flooring, the student lounge, and Studio 1's new dance floor! We can't wait for you to see it all come together.

### LOG IN ONLINE

Dancers and Parents can log in online at any time to review rehearsal material, listen to mixes, check upcoming dates, or revisit newsletters. All important Onset News will be emailed, and posted online at [www.onsethiphop.com](http://www.onsethiphop.com)

### INDOOR SHOES

We'd love for everyone to start wearing indoor shoes to class—ideally the sneakers you plan to compete in. All-white shoes are great, but brand or style doesn't matter.

Hip hop is way easier (and safer!) in shoes, and practicing in what you'll wear on stage helps you feel confident when it's showtime. With all the stomping we do, shoes are best for your feet, ankles, knees, hips, and back. Dancing in just socks can be slippery!
